Re: Answer to the Reviewer Response for the Final Thesis

I would like to thank to the reviewers, Prof János Gyenis and Prof Petr Stehlík for the very positive comments. I do appreciate the suggestions for the improvement as they have been very helpful and spotted the right issues.

I have revised the Hungarian Theses Booklet and approved by Prof János Gyenis. I am sending this new electronic version of Hungarian Theses Booklet to the PhD School. I will also submit the printed booklet.

Therefore I would like to apply for the further stage, the Public Defense.

Yours truly,

(Hon Loong LAM)
